

## **RISING PROPERTY TAXES**

More and more districts over the last 10-plus years have been dropping to the minimum 20 mills of property tax. Why? Because while property taxes normally aren't allowed to grow unless voters approve a new levy, taxes rise automatically with property values when a district is at the minimum 20 mills. Here are the 389 districts at the minimum 20 mills, a 60-percent increase over 10 years.
